

Bringing your household effects to the United Kingdom from outside the European Community (EC) when furnishing, or after giving up, a secondary home

This form is for you to declare your household effects to Customs and to claim any duty and VAT free reliefs that may apply when you are:

- furnishing a **secondary home** in the UK; or
- giving up a **secondary home** which is outside the EC.

A **secondary home** is a home which you own or rent and use only occasionally, ie. it is **not** in the country where you have your normal home (see the definition of "normal home" overleaf).

Further details of the secondary home relief are given in Customs Notice 3 ('Bringing your belongings and private motor vehicle to the United Kingdom from outside the European Community').

If you want a copy of this notice or more information, ask our National Advice Service (Tel: 0845 010 9000, or +44 208 929 0152 for international callers).

Please note that you will also need to complete the following forms if you are bringing in:

- private motor vehicles: Form C104A (if imported on transfer of residence) or C179B (if previously exported from the EC);
- pets: Form C5 (if permanently imported) or
- personal belongings, other than to/from a secondary home: Form C3 (if permanently imported).

If your normal home remains outside the EC and you are temporarily importing these items, see section 4 of Notice 3.

Meaning of words in italics

Relief is freedom from paying duty and tax when you meet the relevant conditions explained in Customs Notice 3.

Your **normal home** is where you usually live - that means where you spend 185 days or more in a period of 12 months because of your work and personal connections. But if you have no work connections or your work and personal connections are in different countries then you usually live where your personal connections are. (However if you are a UK citizen and you are working abroad your normal home can be where you are working so long as you have lived there for 185 days or more in a period of 12 months.) As an example, if you are a UK citizen working and living with your family in the USA for the past 2 years, your normal home is the USA.

The **UK** is England, Scotland, Wales, Northern Ireland (but not the Channel Islands).

The **EC** is the European Community: Austria, Belgium, Cyprus*, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, the Irish Republic, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, and the UK. Although they have close links with the EC, the following are regarded as outside the EC for VAT purposes: the Åland Islands, Andorra, the Canary Islands, the Channel Islands, French Guiana, Guadeloupe, Martinique, Mount Athos, Reunion and Turkey.

*Any area of Cyprus not under the control of the Government of the Republic of Cyprus is treated as outside the EC.

Household effects are furnishings and fittings for the home, and also personal items such as cameras, linen, jewellery and clothing.
